EEOC FORM 715-01 PART E	U.S. Equal Employment Opportunity Commission FEDERAL AGENCY ANNUAL EEO PROGRAM STATUS REPORT	
Department of Veterans Affairs		
EXECUTIVE SUMMARY		
<p>Introduction</p> <p>The Department of Veterans Affairs (VA) is proud to present VA's Management Directive (MD) 715 Equal Employment Opportunity (EEO) Program Status Report for Fiscal Year (FY) 2010 and EEO Plan for fiscal year (FY) 2011. This report addresses all the required elements of EEOC's Management Directive 715 toward building and sustaining a <i>Model EEO Program</i>.</p> <p>VA provides health care, benefits, and memorial services for approximately twenty five million Veterans. VA provides these services through three major organizational subcomponents: the Veterans Health Administration (VHA), with 157 medical centers; the Veterans Benefits Administration (VBA), with 57 centers; and the National Cemetery Administration (NCA), with 131 cemeteries (with four more slated to come onboard during FY 2011). The VA Central Office (VACO) is the national headquarters office comprising numerous Staff Offices reporting to the Secretary.</p> <p>Unlike most Federal agencies, VA maintains a tri-partite structure for the administration of its Department-wide EEO and diversity management functions. The respective functions and responsibilities are distributed among three independent offices as described below:</p> <ul style="list-style-type: none"> • <i>The Office of Diversity and Inclusion (ODI)</i> develops Department-wide EEO and diversity policies; performs workforce analyses and reporting; develops outreach and retention programs, and provides training and communication on EEO and diversity topics. • <i>The Office of Resolution Management (ORM)</i> administers the EEO complaint processing system (counseling, acceptance, investigation, and compliance) and oversees VA's Workplace Alternate Dispute Resolution (ADR) Program. • <i>The Office of Employment Discrimination Complaint Adjudication (OEDCA)</i> issues final agency decisions based upon an investigative record or a final order after receiving and/or appealing EEOC administrative decisions. <p>Workforce Composition</p> <p>As the second largest Cabinet level department, VA is proud to be one of the most diverse agencies in the Federal government. Compared to the Relevant Civilian Labor Force (RCLF), VA's workforce is at or above the RCLF representation in all areas except White and Hispanic females. In FY 2010, we are pleased to report that the representation of Hispanic females rose from 3.46 percent to 3.61 percent, as did the representation of Hispanic and African American males. In addition, the representation of people with targeted disabilities increased from 1.43 percent to 1.51 percent in FY 2010, reversing a decade long decline in onboard representation of that group in our workforce. We believe this is a testament to the success of VA's focused efforts as guided by its FY 2009-2013 Diversity and Inclusion Strategic Plan.</p> <p>At the end of FY 2010, VA's workforce totaled 307,322 employees, including 21,519 temporary employees¹. The overall workforce increased by 11,190 or 3.8 percent during the year, while</p> <p>¹ This figure includes intermittent employees, so it is greater than the figure in Part B of this Report which excludes intermittent employees.</p>		
Executive Summary		Page 5

temporary employment declined by 2,302. With the exception of the American Indian/Alaska Native, the number of employees in each of the other reported race and national origin (RNO) categories (White; Black/African American; Asian; Native Hawaiian/Pacific Islander; Hispanic) increased as well in FY 2010. The number of American Indian/Alaska Natives (approximately about 1 percent of the workforce) decreased from 4,013 in FY 2009 to 3,558 in FY 2010.

Figure 1. FY 2010/FY 2009 Workforce Comparison by Race/Ethnicity and Gender

As seen in Figure 1, the actual counts in each of Race/Ethnicity and gender group increased, while the percent representation remained generally constant during FY 2010 through approximately 40,000 hires (permanent and temporary). Among the historically underrepresented groups in VA, Hispanic females experienced the largest percentage increase of 0.15 percent. Hispanic males also increase by 0.12 percent (see Table A1, Ratio Change).

Figure 2. VA Onboard Representation

The total number of separations of permanent employees from VA in FY 2010 was 19,785, which is a 13 percent increase from FY 2009. Ninety one percent of the separations were voluntary. A distribution of the separations by type is provided at Figure 3.

Figure 3. VA Separations

Targeted Disabilities

Provided at Figure 4 is information on the workforce profile by disability categories. As a result in the increased focus on outreach to people with targeted disabilities in VA's Diversity and Inclusion Strategic Plan, the representation of employees with a targeted disability (temporary and permanent) increased from 1.43 percent in FY 2009 to 1.51 percent in FY 2010. Broken down, permanent employees with target disabilities increased from 1.47 percent in FY 2009 to 1.55 percent in FY 2010. The Federal government average for employees with targeted disabilities increased from 0.88 percent in FY 2009 to 0.92 percent in FY 2010, placing VA among the leaders in this area.

Figure 4. Workforce by Disability/Non-Disability Classification

According to Figure 5, there was an increase of employees with targeted disabilities identified with mental illness. The number of employees identified with mental illness increased from 1,738 in FY 2009 to 2,058 in FY 2010.

Plan to Achieve Model EEO Program (Parts G and H)

In FY 2010, VA continued to make progress toward becoming a *Model EEO Program* in accordance with EEOC's six essential elements. ODI monitors VA's status on these elements through a sophisticated web-based system that tracks its self-assessment on MD-715 Parts G and H at all organizational levels. Deficiencies identified at the national level focused mainly on structural challenges such as inconsistent coordination between field EEO and HR staffs, and lack of centralized tracking and enforcement in some areas. These issues have been addressed in Part H. The following depicts some of VA's major accomplishments and challenges under each of the six essential elements:

DEMONSTRATED COMMITMENT BY AGENCY LEADERSHIP: The Secretary of VA, Eric Shinseki demonstrated his strong commitment to EEO and diversity in the workforce through several initiatives. In FY 2010, Secretary Shinseki launched a major Department-wide initiative aimed at transforming the VA into a 21st century organization that was "people centric, results oriented, and forward looking." A key component of this initiative is the Human Capital Investment Plan (HCIP), an unprecedented investment in human capital that supports talent management, employee engagement, and leadership development. One of the HCIP strategies was the implementation of VA's first *mandatory EEO, Diversity and Conflict Management Training for Executives, Managers and Supervisors*. The

Secretary and Assistant Secretary for Human Resources and Administration mandated 8 hour face-to-face training for senior executives, and 3 hour on-line training for managers. In addition, a mandatory *EEO, Diversity and Inclusion Critical Performance Element* was included in all executive performance plans, and cascaded down to all supervisory plans. The Assistant Secretary and Deputy Assistant Secretary (DAS) for Diversity and Inclusion continued to co-chair and expand the membership of the VA Diversity Council to include employee union and affinity group representatives. The Secretary also issued VA's annual *EEO, Diversity, No FEAR Policy Statement* that added genetic information as a protected category and an internal complaint process for discrimination complaints based on sexual orientation. The Secretary also issued VA's first Diversity and Inclusion Excellence Award, and Alternative Dispute Resolution Award linked to the VA Diversity and Inclusion Strategic Plan goals. In addition, the Secretary established a 2 percent hiring goal for individuals with disabilities and personally reiterated his expectation of meeting the goal to his senior leadership. VHA, VA's largest Administration, maintains full-time EEO managers in every facility, and in FY 2010, established its first Administration-wide Office of Diversity and Inclusion and Chief Diversity Officer position. It also aligned its VHA Diversity and Inclusion Sub Committee with the VA Diversity Council. As a result of these and other initiatives, VA was named as one the "Top Federal Agencies" by *DiversityInc*; "Best Federal Agency" by *Latinos for Hire Magazine*; "#1 Federal Agency for People with Disabilities" by *Careers and the Disabled Magazine*. VA was also recognized as a government-wide leader in diversity and inclusion, Veterans employment, and hiring reform by the U.S. Office of Personnel Management (OPM).

INTEGRATION OF EEO INTO THE AGENCY'S STRATEGIC MISSION: In 2010, VA continued its implementation of its groundbreaking five-year *Diversity and Inclusion Strategic Plan*. The Plan was strategically aligned with VA's updated Strategic Plan, the MD 715 Plan, and organizational sub-component diversity plans. Progress on the strategic objectives was reported to the Secretary, senior leadership, and disseminated publicly in the VA's first *Diversity and Inclusion Annual Performance Report for FY 2009, and FY 2010*, currently in development. Additionally, the EEO Director meets regularly with the Secretary and Deputy Secretary on diversity issues. The Deputy Assistant Secretary for Diversity and Inclusion co-chairs the VA Diversity Council along with the Assistant Secretary and participates on the Strategic Communications Council, the Monthly Performance Review Council, Human Resources and Administration senior staff meetings, and the Advisory Committee for Minority Veterans to ensure integration of EEO and diversity policies in Departmental operations. She also co-chairs several leadership development program committees, thereby ensuring that EEO and diversity principles are infused in leadership development programs. In VHA, EEO and diversity measures have been incorporated in the VHA Workforce and Succession Plan, Operational Plans, and all performance plans. VHA Human Capital and EEO senior staff participate in quarterly meetings with ODI senior staff to strengthen collaboration and integrate EEO and diversity policies throughout the field. EEO and diversity policies and initiatives are widely communicated through ODI's expansive Department-wide communication vehicles, including the monthly *Diversity News* television broadcast, weekly *NewsLink* e-mail, bi-monthly *Diversity@Work* newsletter; technical assistance publications, and the ODI internet web page.

MANAGEMENT AND PROGRAM ACCOUNTABILITY: In FY 2010, VA implemented a mandatory EEO, diversity and inclusion critical performance element in all Senior Executive Service performance standards, with instructions that it cascade down to all managers and supervisors. This critical

element was directly linked to demonstrated progress on the *VA Diversity and Inclusion Strategic Plan* and MD 715 EEO Plans. VA executives were rated against appropriate performance metrics to ensure accountability on this element VA-wide. ODI performed quarterly progress review meetings with all Administrations and performed six on-site Technical Assistance Reviews in field facilities in where it systematically analyzed hires, separations, promotions, EEO complaints, and employee survey results to identify potential barriers to EEO. ODI continued to report EEO workforce statistics to the senior leadership through quarterly workforce diversity reports and briefings. To track and report on program results, ODI expanded its staff responsible for coordinating the Federal Equal Opportunity Recruitment Program, Selective Placement Program, Disabled Veterans Affirmative Action Program, and Diversity Internship Programs. In FY 2010, VA created its first Centralized Reasonable Accommodation Fund and first Centralized Diversity Internship Program resulting in higher and faster accommodations of people with disabilities and a record number of diversity internships. VHA, VBA, and NCA all held EEO and/or Leadership Conferences in FY 2010 which included EEO and diversity topics and technical assistance. To support program accountability, ORM developed a new EEO Dashboard to report on EEO complaints, workforce analysis, and ADR participation by administration.

PROACTIVE PREVENTION OF UNLAWFUL DISCRIMINATION: Under ODI's leadership, VA implemented several major risk mitigation practices in FY 2010 to proactively address and pre-empt unlawful discrimination. It implemented VA's first Department-wide *Mandatory EEO, Diversity, and Conflict Management Training for Executives, Managers, and Supervisors* and trained over 10,000 members of this population in FY 2010, and the remainder in the months thereafter. It expanded its corporate EEO and diversity training program and consultative function for the agency and provided face-to face training to over 1600 employees in FY 2010 in addition to the on-line training provided. ODI developed new Reasonable Accommodations training to support its new Reasonable Accommodations procedural directive. ODI and ORM staff delivered EEO and diversity presentations at over 20 leadership and stakeholder conferences and offered elective ADR and Conflict Management Training to managers and leaders. As a result of these and other proactive measures, VA's per capita EEO complaint filing rate decreased from 0.76 in FY 2009 to 0.72 in FY 2010.

VA's Administrations also conducted EEO training, including VHA training on cultural competency, VBA training for new and current EEO Program Managers, eight hours of training for ADR Coordinators and topical Leadership training. VHA and NCA also provided required training to its managers and employees covering EEO, diversity, disability program management, and ADR. In the area of Alternative Dispute Resolution (ADR), ORM continues to administer a highly effective ADR program, achieving an 87 percent resolution rate for non-EEO disputes and increasing its ADR participation rate in EEO disputes to over 50 percent. ORM also expanded its ADR personnel resources in the field.

In the area of recruitment, ODI designed a pilot adverse impact analysis project for Senior Executive Service (SES) member recruitment and selection processes. Through this pilot, VA will identify barriers to equal opportunity in the executive recruitment process, as it did in its leadership development program selection processes. VHA and the other administrations aggressively participated in various career and job fairs to expand equal employment opportunity of the hiring

process. Representatives from VHA attended 94 events with 18 % of the events targeting diversity. ODI also produced a bi-lingual (Spanish-English) employment video for use at targeted outreach events and published a *Best Practices in Recruitment Outreach and Retention* guide in January 2009. Further accomplishments of this essential element are addressed in the Part H accomplishments section.

EFFICIENCY: ORM's ADR program has had an extremely positive impact on the efficiency of VA's EEO program nation-wide. VA reached an important milestone in this area in FY 2009 when the three Administrations (VHA, VBA, and NCA), signed a Memorandum of Understanding (MOU) with ORM allowing ORM to offer ADR in initial EEO counseling throughout VA. For FY 2010, this process improvement has led to a 14 percent increase in VA's ADR offer rate within the informal EEO complaint process. ADR is used for both EEO and non-EEO disputes with very positive results:

ADR in EEO Process

	FY 2008	FY 2009	FY 2010
Contacts	4186	4315	4485
Offers ²	76%	83%	97%
Participation ³	46%	48%	52%

ADR Outcomes

	EEO	EEO	EEO	Non EEO	Non EEO	Non EEO
	FY 2008	FY 2009	FY 2010	FY 2008	FY 2009	FY 2010
Completed	1007	2004	2000	325	752	1258
Resolved	55%	43%	45%	78%	82%	87%

VA estimates that without early intervention, approximately 50 percent of the non-EEO disputes could become EEO complaints. The early resolution of these conflicts translates into an estimated \$9 million or more in annual cost avoidance.

ORM also increased VA's efficiency in processing EEO complaints, reducing processing time to well below the regulatory 180 day time frame. VA's capability to process, track, and report data concerning the EEO process has been increased through the use of the *Complaints Automated Tracking System* (CATS). CATS allows ORM to track EEO complaint processing for each stage of the EEO complaint process from the initial informal contact through closure. Simultaneously, VA has developed *ADRTracker*, a distinct electronic monitoring system of EEO and non-EEO ADR activity that also generates relevant reports. *ADRTracker* includes an interface with CATS which permits greater consistency in information and reporting by the two separate but related systems. ODI is now working with ORM to add a reasonable accommodation (RA) case tracking module to this system to

² ADR offer rate represents the percentage of informal EEO complaints in which VA offers the aggrieved person an opportunity to participate in ADR versus traditional counseling.

³ ADR election rate represents the percentage of informal EEO complaints in which both VA and the aggrieved person agree to participate in ADR.

ensure quality and timeliness of RA case processing. Further accomplishments of this essential element are addressed in the Part H accomplishments section.

RESPONSIVENESS AND LEGAL COMPLIANCE: ODI, ORM, OEDCA, Office of Human Resources Management, and the Administrations share responsibility for responsiveness and legal compliance in the area of EEO. In FY 2010, ORM counselors averaged 27 days per counseling episode, slightly below EEOC's mandate of 30 days, and completed the counseling process in which ADR was elected in an average of 71 days, well below the EEOC requirement of 90 days. In the last two years, ORM has reduced the number of days required to complete a formal investigation every year. VA reduced its investigative time from 183 days in FY 2008 to 171 days in FY 2010, a 7 percent reduction, making VA one of the few Federal agencies in compliance with the regulatory requirement of 180 days.

ORM is engaged in projects to further reduce EEO case processing times. ORM's *Document Automation Production Service* (DAPS) Project will streamline the redaction and duplication of reports of investigation and reduce reliance on "hard copy" records. DAPS will thus achieve greater efficiency, reduced costs, and further VA's overall "Green Initiative." ORM also has an initiative to auto-populate routine EEO documents, such as the EEO Counselors Report, which would lessen the sheer burden of preparing such reports and the time needed to do so.

VA has been a vigorous proponent of MD-715 since it was published and continues to improve and lead the government in the area of workforce analysis for EEO reporting purposes ODI developed the first government software for producing the tables and analytic tools, and made the software available for free to other agencies. Further accomplishments of this essential element are addressed in the Part H accomplishments section.

Barrier Analysis

VA has identified six primary triggers in its barrier analysis. The first trigger focuses on less than expected representation in the workforce as compared to the RCLF. Historically, VA has experienced less than expected representation of White females and Hispanics when compared with the RCLF. Less than expected Hispanic representation is primarily concentrated in blue collar occupations and in the southwestern United States where the relative availability is high. The other RNO groups are either at or above RCLF availability Department-wide. VA's representation of people with targeted disabilities is approximately 50 percent above the government average. Nevertheless, VA continues to address challenges in this area in its Part I and J Plans. VA is also vigorously pursuing in 2 percent hiring goal for individuals with targeted disabilities.

The graph below depicts VA's current on-board representation as compared with last year's representation and the civilian and relevant civilian labor force (CLF, RCLF respectively).

Civilian Labor Force (CLF) & Relevant Civilian Labor Force (RCLF) - Derived from 2000 Census),
CLF all occupations and RCLF which is limited to VA occupations in VA proportions

**Figure 6. VA Onboard versus RCLF/CLF
(Permanent and Temporary)**

VA is able to track and report on its barrier analyses and corrective strategies through its web based workforce analysis system. The system facilitates user-friendly data entry, tracking, and reporting on barriers and corrective strategies at all levels of the organization in the Part I Plans. In order to fully integrate VA's *Diversity and Inclusion Strategic Plan* goals with Administration operations, ODI embedded the Department-wide goals into the objectives of the MD 715 Part I Plans. This was done to ensure accountability for Departmental goals with the field components, whose EEO offices do not report directly to ODI. While the goals are Department-wide, subcomponent organizations were encouraged to identify and address their organization-specific triggers in their Part I Plans. This was communicated through quarterly Microsoft Live web-based technical assistance meetings with field entities to assist them in the development of their organization-specific EEO Plans.

The six triggers and corresponding strategic objectives identified in the VA Part I plan are:

- 1) **Less than expected representation of specific race/ethnicity and gender groups:**
White women and Hispanic women (permanent and temporary employees) had less than expected representation in the VA workforce, 36.24 percent (11.54 percent below the RCLF) and 3.61 percent (0.72 percent below the RCLF) while other groups met or

exceeded expected representation. Corrective strategies will focus on the professions where the underrepresented groups experienced most of the less than expected representation. Specifically, White women were underrepresented in Medical and Dental, Legal, Accounting and Budget, General Administration, and Education professions. Hispanic women had less than expected representation in the Medical and Dental General Services, Food Preparation, Social Sciences, and Human Resources professions.

- 2) **Grade disparity:** African Americans and Hispanics appear to have a sizable grade disparity in the higher GS/GM grades. African Americans represent 38 percent of the GS 4 population and only 10 percent of the GS 15 level. Hispanics represent 9 percent of the GS 4 population and only 3 percent of the GS 15 level. Although the promotions rates for White women did improve during FY 2010, White women still received less than expected promotions for grades 7, 9, 11, and 12, based on their on-board rate. The promotions rates for Asian men decreased and for Asian women increased during FY 2010. However, Asians still received less than expected promotions for grades 7, 9, 11, and 12 based on their respective on board rates. The promotion rate for White men at the grade 13, 14, and 15 levels did increase for FY 2010, however White men still received less than the number of promotions expected. There was little or no change in the promotion rate for Asians at grade 13, 14, and 15 for FY 2010. This disparity could be due to the difficulty for specific diverse groups to reach occupations with higher grade earnings potential. Some corrective strategies to focus on are career mentoring programs and career development programs.
- 3) **Proportion of people with targeted disabilities:** In FY 2010, the percent of the VA workforce with a targeted disability increased to 1.55 percent, up from 1.47 percent in FY 2009 (permanent employment only - see Table B1). This represents a reversal in a decade long decline in the representation of this group in the VA workforce. In FY 2010, the Government average is 0.91 percent, an increase from 0.88 percent in FY 2009. VA continues to be a leader in the employment of people with disabilities government-wide. Further corrective strategies to attain the Secretary's 2 percent goal for this group will focus on 1) Strategically placed "trained" regional Disability Program Managers, 2) Identification of Designated Special Placement Coordinators for all facilities, 3) Completion of the Reasonable Accommodations Tracking System, 4) and Training HR and managers on the use of Schedule A and VA's reasonable accommodation procedures.
- 4) **Representation of Disabled Veterans:** Since FY 2007, Veterans have represented approximately 30 percent of the VA workforce. As of September 30, 2010, disabled Veterans represent 9 percent of the VA workforce. Since FY 2007, the rate of growth of the population of disabled Veterans is approximately double the rate of growth of the entire VA workforce (42.1 percent vs. 21.4 percent, respectively). From FY 1996 to FY 2010, the disabled Veteran population has grown 92 percent while the entire VA population has grown 34 percent. Although the Veteran population has increased by about thirty thousand during the same time period, its corresponding representation of the entire workforce fluctuated between 25 percent and 31 percent. Upon further analysis, the average age (51) of the Veteran population is higher than the non-Veteran population age (46) and can be attributed to the fact that government employment is typically a second

career for the Veteran. It appears the Schedule A hiring authority is helping to recruit and hire disabled Veterans. In addition, VA will focus on targeted recruitment outreach to more Veteran affinity groups and retention of Veterans in mission critical occupations.

- 5) **Unfavorable survey responses on EEO and diversity issues:** This barrier requires identifying facilities with high concentrations of unfavorable responses and then implement customized training and other organizational development interventions. Overall VA employee responses on diversity related items in employee surveys, including the FY 2010 Federal Employee Viewpoint Survey (FEVS), are in the median range. These responses vary widely by facility. The facilities with less favorable employee survey results are often those with higher rates of EEO complaints (see Barrier 6). Both FEVS and the All Employee Survey (AES) reveal marginal decreases in favorable responses on the diversity related questions in 2010. The Partnership for Public Service generates a “Support for Diversity Index” which calculates Federal agency standings in this area on the basis of employee responses on the Federal Human Capital Survey. In FY 2010 VA’s ranking dropped from 16 to 23 out of 28 of the large Federal agencies. Principle corrective strategies should focus on improving communications, education, and competencies on EEO and diversity issues.
- 6) **High volume of discrimination complaints:** The per capita filing rate at the informal stage remained steady at 1.46 percent from FY 2009 to FY 2010 (slightly higher than the government-wide average of 1.39 percent); and the formal filing rate decreased from .76 percent to 0.72 percent (still higher than the government-wide average is of 0.60 percent). While the Department has made some progress in the last couple of years, continued work is needed to reach the government-wide levels. VA experienced an increase in findings of discrimination for FY 2010 (22 in FY 2009 versus 33 in FY 2010). Reprisal, sex, and disability were the most prevalent bases of discrimination in those findings. Some corrective strategies to focus on include increasing use of ADR, developing and implementing standardized and customized competency-base EEO, diversity, and conflict management training for VA managers and supervisors focused on meeting EEO obligations, increasing EEO and consultative services.

The Road Ahead

In FY 2011, VA will embark upon the following initiatives:

- Continue implementation of its Diversity and Inclusion Strategic Plan; update Plan.
- Continue with mandatory Workplace Harassment/No FEAR Training for all employees.
- Expand EEO, diversity and inclusion training portfolio; deploy multi-generational and reasonable accommodation training.
- Implement training evaluation instrument and metrics.
- Continue implementation of Hispanic Employment Outreach Plan.
- Designate Local Reasonable Accommodations Coordinators and Selective Placement Coordinators in all field facilities.

The agency has conducted an annual self-assessment of Section 717 and Section 501 programs against the essential elements as prescribed by EEO MD-715. If an essential element was not fully compliant with the standards of EEO MD-715, a further evaluation was conducted and, as appropriate, EEO Plans for Attaining the Essential Elements of a Model EEO Program, are included with this Federal Agency Annual EEO Program Status Report.

The agency has also analyzed its workforce profiles and conducted barrier analyses aimed at detecting whether any management or personnel policy, procedure or practice is operating to disadvantage any group based on race, national origin, gender or disability. EEO Plans to Eliminate Identified Barriers, as appropriate, are included with this Federal Agency Annual EEO Program Status Report.

I certify that proper documentation of this assessment is in place and is being maintained for EEOC review upon request.

Signature of Principal EEO Director/Official
Certifies that this Federal Agency Annual EEO Program Status Report is in compliance with EEO MD-715.

ANNUAL EEO PROGRAM STATUS REPORT
EEO Plan to Eliminate Identified Barrier

Report Generated on 01/11/2011

STATEMENT OF CONDITION THAT WAS A TRIGGER FOR A POTENTIAL BARRIER:	Less than expected representation: VA continues to have less than expected representation of White females, Hispanic females.
BARRIER ANALYSIS 1: (National)	<p>This trigger was identified by analyzing the MD 715 workforce tables in VA's on-line workforce analysis system (VSSC). Table A1 shows less than expected representation of White females, and Hispanic females in the overall VA workforce in comparison with the Civilian Labor Force (CLF) and the Relevant Civilian Labor Force (RCLF). White women represent 36.24 percent of the VA workforce (permanent and temporary positions in Pay status) compared to the 47.78 percent in the RCLF and Hispanic women represent 3.61 percent of the VA workforce compared to the 4.33 percent in the RCLF. Although the White female population increased by 3,939 in FY 2010 (refer to Table A1), White females did represent approximately 38 percent of the FY 2010 voluntary separations (refer to Table A14).</p> <p>According to Table 6, concentrations of under participation for White women in rank order, are in the Medical and Dental, Legal, Accounting & Budget, General Administration, and Education occupation family groups. The concentrations of under participation for Hispanic women in rank order are in the Medical & Dental, General Services, Food Preparation, Social Science, and Human Resources occupation family groups.</p> <p>Assuming the current rate of growth, VA will reach RCLF parity for White women in about 10 years, Hispanic women in 3 years. These estimates are based on 2000 Census representation, not the higher levels expected in the 2010 Census.</p>
STATEMENT OF IDENTIFIED BARRIER: Provide a succinct statement of the agency policy, procedure or practice that has been determined to be the barrier of the undesired condition.	<p>VA has had no coordinated strategic recruitment outreach plan focused on creating and maintaining a diverse workforce.</p> <p>VA has no applicant flow system to identify potential barriers in its recruitment and selection processes.</p>
OBJECTIVE: State the alternative or revised agency policy, procedure or practice to be implemented to correct the undesired condition.	<p>GOAL: Create a diverse, high performing workforce that reflects the communities we serve by identifying and eliminating barriers to equal opportunity (Goal 1 of VA Diversity and Inclusion Strategic Plan (DISP).</p> <p>OBJECTIVE: Develop and implement a strategic recruitment outreach plan focused on achieving and maintaining workforce diversity. Implement an applicant flow system to identify potential barriers in the VA's recruitment and selection processes.</p>
RESPONSIBLE OFFICIAL:	Asst Secretary for Human Resources and Administration (HRA); Deputy Assistant Secretary (DAS) for Office of Diversity and Inclusion (ODI); Administration HR Officials
DATE OBJECTIVE INITIATED:	09/30/2009
TARGET DATE FOR	09/30/2013

COMPLETION OF OBJECTIVE:	
INSTRUCTIONS: Describe the plans to implement the identified activities in the spaces below showing dates of benchmarks and responsible individuals. The success in implementing these plans should be shown in the REPORT OF ACCOMPLISHMENTS and MODIFICATIONS TO OBJECTIVE section. Items from the VA Diversity and Inclusion Annual Performance (DISP) Report are identified in parentheses.	TARGET DATE (Must be specific) example: mm/dd/yyyy
<p>Using the UREP Change Report, identify the specific groups that are underrepresented in this agency, and indicate the number of years at the current rate of change needed to reach RCLF parity. (DISP Strategy 1A1)</p> <p>In FY 2010 ODI modified its standard operating procedures to provide the Administrations assistance in performing their respective barrier analysis through quarterly live and web-based meetings. Analysis of the entire VA workforce indicates White and Hispanic women are underrepresented. It will take about 9 years for White women to reach RCLF parity at its current rate of growth. For Hispanic Women it will take approximately 3 years to reach RCLF parity at its current growth rate. ODI will provide more in-depth analysis during FY 2011 to identify the related barriers and develop corrective strategies.</p>	<p>9/30/2011</p>
<p>Using the RCLF Report, identify the occupations with the most underrepresentation for each of the underrepresented groups above, and what you will review to determine if there is a barrier. (DISP Strategy 1A1)</p> <p>ODI will periodically review and analyze, in-depth, the VA-wide age, trends, and any other possible triggers for the above mentioned occupations, and will assist the Administrations in their respective analyses</p> <p>The top four occupations with the most underrepresentation are 1811-Criminal Investigator, 4754-Cemetery Caretaker, 0083-Police, 0986-Legal Assistant, and 0998-Claims Assistance and examining. We expect to identify triggers during FY 2011.</p> <p>A review of Table A1 and A6 of Hispanic women indicate low participation rates in 6 out of 10 major occupations within VA, Practical Nurse (0620), Nursing Assistant (0621), Diagnostic Radiologist Technologist (0647), Veterans Claims Examining (0996), Information Technology Management (2210), and Miscellaneous Administration and Program (0301). Further analysis of this finding will be addressed.</p> <p>A review of Table A1 and A6 of White women indicate low participation rates in 4 out of 10 major occupations within VA, Medical Officer (0602), Nursing Assistant (0621), Veterans Claims Examiner (0996), and Information Technology Management (2210). Further analysis of this finding will be addressed.</p>	<p>09/30/2011</p> <p>06/30/2011</p> <p>09/30/2011</p> <p>09/30/2011</p>
<p>Show your plan (beyond national posting of vacancies), with specific locations and strategies (venues, publications, advertising, etc.) and dates, to increase the recruitment pool of these underrepresented occupations. Include areas of cooperation between facilities. (Recruitment must remain open to all groups.) (DISP Strategy 2C8)</p> <p>ODI will continue implementation of the VA Diversity and Inclusion Strategic Plan and execute those outreach strategies designated for FY 2010, including performing 6 outreach events and 3 Community Prosperity Partnership events targeting Veterans and the Hispanic community at venues including LULAC, National Image, National Hispanic Leadership Institute. ODI will explore web-based recruitment fairs utilizing such resources as Monster.com and CareerBuilder.</p> <p>ODI will create, publish and implement an Employment Outreach and Retention Guide specifically for Special Emphasis Program. This document will include Women, Hispanics, Asians, African American, Native Americans and Disability Program Information. This will be a comprehensive guide addressing areas such as targeted outreach and recruitment strategies and resources, career development and inclusion and retention.</p> <p>Each VA component will continue to implement and execute planned activities for outreach and recruitment with high schools, colleges, universities, trade schools, faith-based organizations, community organizations, military transition assistance program and Veteran service organizations.</p> <p>VA will continue to partner with affinity organizations such as League of United American Citizens (LULAC), National Image, Inc., U.S. Hispanic Leadership Institute (USHLI), Federally Employed Women (FEW), Hispanic Association of Colleges and Universities (HACU), National Organization for Mexican American</p>	<p>09/30/2010 (completed)</p> <p>09/30/2011</p> <p>09/30/2011</p> <p>09/30/2011</p>

<p>Rights (NOMAR), Hispanic Serving Institutions (HSIs), and the American GI Forum.</p> <p>VHA EEO/AET managers will collaborate with HR to develop a recruitment training session for EEO Managers and Human Resources (HR), and assist HR staff in developing and implementing outreach strategies and using intern as well as the full range of hiring authorities in order to develop a diverse applicant pool. The VISN Lead EEO managers will provide quarterly updates to VISN Directors and EEO/AET to identify any needed corrective action.</p> <p>VBA plans to increase outreach activities including job fairs, military out briefings, partnerships with more community base organizations, local schools and universities, advertising in local newspapers and continue to use hiring authorities such as the American Recovery Readjustment Act (ARRA), internal merit promotion procedures, and summer internship programs.</p> <p>NCA will work with the EEO office and the HRC to develop a plan of action to work with the Minority Veterans Program Coordinators at each cemetery to provide information on the vacancy announcements during their outreach events throughout their local region. The MSN will also work with the Education Specialist, EEO, & HRC to review the application/selection process for the career development opportunities and ensure training information is disseminated to all employees. The MSN will work with HRC to develop plan of action to conduct targeted recruitment and discuss posting vacancy announcements at local VSO's, government centers, unemployment centers, community centers, supermarkets, day labor centers, libraries, local newspapers, high schools and colleges/universities.</p>	<p>09/30/2010 Completed</p> <p>09/30/200 Completed</p> <p>09/30/2010 Completed</p>
<p>Show your plan to use special hiring authorities, non-traditional intern programs such as HACU, and intern programs to increase the representation of these underrepresented groups. (DISP Strategy 2C1)</p> <p>VA will increase the use of special hiring authorities and non-traditional internships in FY 2010. While the specific plans vary by administration, the use of special hiring authorities and intern programs is monitored by automated reports, tracked locally and reviewed nationally. For example, VISN 22 has committed to 1) outreach to new community organizations that will provide a more diverse recruiting pool that they can develop and establish non-traditional internship programs; 2) utilization of the special hiring authority for 30 percent disabled Veterans; 3) hiring work study students, and converting temporary or part-time employees that perform outstandingly during their terms to permanent.</p> <p>ODI will develop an MOU with the University of Puerto Rico and other Hispanic serving institutions, pursuant to its Hispanic Employment Outreach Plan, to facilitate student internships and career pipelines in VA.</p> <p>VA will continue to utilize special employment programs such as the National Diversity Internship Program (NDPI), Presidential Management Fellow (PMF), and Student Educational Employment Program (SEEP) to increase the diversity of applicants to VA.</p>	<p>Issued: 09/30/2010, on-going 09/30/2011</p> <p>06/30/2011</p> <p>09/30/2011</p>
<p>Describe your plan to benchmark "best practices" in recruitment outreach strategies and employ them in this and subordinate facilities. (DISP Strategy 1B2)</p> <p>VA's Diversity and Inclusion Strategic Plan for FY 2009-2013 contains best practices benchmarked in the public and private sectors. This plan, developed in collaboration with VA's Administrations, Staff Offices, and many other stakeholders internally and externally, serves as a living road map to guide our efforts in making VA a leader in creating and sustaining a high performing workforce that leverages diversity.</p> <p>ODI will publish its FY 2010 annual report, which serves as a tool to gauge VA's accomplishments and the measurable outcomes toward realizing the goals of the VA Diversity and Inclusion Strategic Plan for FY 2009-2013.</p> <p>ODI will publish updates to its Recruitment and Selection Best Practices Guide on an as needed basis.</p> <p>ODI will create, publish and implement an Employment Outreach and Retention Guide specifically for Special Emphasis Program. This document will include Women, Hispanics, Asians, African Americans, Native Americans and Disability Program Information. This will be a comprehensive guide addressing areas such as targeted outreach and recruitment strategies and resources, career development and inclusion and retention</p>	<p>Issued: 02/2009 Continue implementation through 2013</p> <p>01/31/2011</p> <p>09/30/2011</p> <p>09/30/2011</p>
<p>Describe your plan to review employee separation data to identify and analyze triggers to determine if there is a barrier. (DISP Strategy 1B6)</p>	

<p>ODI will research and develop an analytical application to retention rates by occupations, and other demographic groupings. Retention rate shall be defined as resignations and separations from VA.</p>	09/30/2012
<p>ODI has user-friendly analytical reports to view separations along multiple demographic attributes. These analytical reports allow the workforce analyst to drill into the data to identify data-identified characteristics of the root cause.</p>	09/30/2011
<p>ODI is investigating and testing OPMs CIVFORS application, a system that generates a multi-year forecast of HR transactional data (hiring, retirements, and separations) for inclusions in its repertoire of analytical applications.</p>	09/30/2011
<p>REPORT OF ACCOMPLISHMENTS and MODIFICATIONS TO OBJECTIVE</p>	
<p>INSTRUCTIONS: Include all recent accomplishments related to this objective. This information will be used in the VA Diversity and Inclusion Annual Performance Report.</p>	
<p>In FY 2009, ODI issued the VA's 1st five year Diversity and Inclusion Strategic Plan for FY 2009-2013. It aligned the goals and objectives with VA's MD 715 Plan and Report. ODI now coordinates quarterly meetings and reports to monitor progress made towards many objectives and milestones planned in the FY 2009 MD 715 Report. Progress achieved during FY 2010 is reported in the VA Diversity and Inclusion Annual Performance Report, Fiscal Year 2010.</p>	
<p>VHA made further progress in the developmental and leadership programs for all grade levels to include wage-grade equivalent: GS-8 and below, LEAD, GS 9-12, Leadership Development Institute; grades 13-15, Executive Career Field (ECF); and Senior Executive Candidacy Program and Senior Executive Leadership Program (completed 09/30/2010). EEO/AET worked with the Under Secretary for Health Diversity Advisory Board to identify strategies and make recommendations to the National Leadership Board regarding minorities within the leadership pipeline and training/mentoring needs (completed 09/30/2010).</p>	
<p>VBA's WACO Regional Office participates annually in the National Multicultural Job Expo at Texas State University. The Milwaukee regional Office participated in the military job fairs conducted at Loyola University, DePaul University and Northern Illinois University. The Providence Regional Office hosted two career fairs during the spring and summer of FY 2010.</p>	
<p>With the intent to improve the identification and elimination of the barriers, NCA accomplishments included 1) MD 715 training for each MSN to discuss their regional quarterly trends report. Training included different venues to post their vacancy announcements and how to utilize the MVPC to provide vacancy announcements at their outreach events. 2) HRC and the MVPC's have partnered with NCA's outreach department in attending over 60 outreach events nationwide and providing vacancy information to participants, 3) HRC and the MSN Liaisons have ensured all applicants are aware of the special hiring authorities, 4) sponsored a total of 24 interns nationwide for FY 2010, a 59 percent increase from the previous year (additionally, the intern's budget was increased to .72 percent (\$200,000). Additionally, the NCA EEO office is in the process of coordinating an EEO/HR Consortium to discuss workforce planning, roles & responsibilities of HR/EEO/Labor Relation Staff and reporting procedures, and to establish procedures for providing regular updates HR updates.</p>	
<p>ODI published the "Recruitment and Selection Best Practices Guide - Avoiding EEO Pitfalls to Create a Diverse Workforce" in FY 2010 providing recommended practices for conducting diversity-focused and EEO compliant recruitment outreach and selection processes, including the use of special hiring authorities and non-traditional internship programs. ODI has posted this Guide on its Website and distributed it to all HR offices and hiring officials VA-wide.</p>	
<p>ODI published VA's first Diversity and Inclusion Annual Performance Report (FY 2009) by March 31, 2010. The report serves as a tool to gauge VA's accomplishments and the measurable outcomes toward realizing the goals of the VA Diversity and Inclusion Strategic Plan for FY 2009-2013.</p>	
<p>VA participated in the FEW National Training Program Conference, held in July 2010. ODI conducted the VA Agency Forum for employees and provided training to FEW members on topics such as suspending judgments.</p>	
<p>VA established partnership agreements with 7 Hispanic Association of Colleges and Universities (HACUs) to increase community outreach and educate students and Veterans about VA employment opportunities.</p>	
<p>Conveyed key components of the ODI Hispanic Employment Outreach Plan to Diversity and HR Council members.</p>	

<p>STATEMENT OF CONDITION THAT WAS A TRIGGER FOR A POTENTIAL BARRIER:</p>	<p>Grade disparity: Participation rates of the proportion of minority groups generally decline as the grade level increases.</p>
<p>BARRIER ANALYSIS 2: (National)</p>	<p>There is an apparent grade disparity among White women and minorities in Title 5 (GS/GM) population. African Americans and Hispanics appear to have the most grade disparity in the higher Title 5 grades (General Schedule/General Merit) when compared to the lower Title 5 grades. For African Americans, at the grade four, the participation is 38 percent while it is only 5 percent at the grade 15. The participation rate for Hispanics at grade 4 is 9 percent and at grade 15 it is 6 percent.</p> <p>With regard to promotions rates, promotions for White women did improve during FY 2010. White women still received less than expected promotions for grades 7, 9, 11, and 12. The promotions rates for Asian men decreased and for Asian women increased during FY 2010. However, Asians still received less than expected promotions for grades 7, 9, 11, and 12. The promotion rate for White men at the grade 13, 14, and 15 level did increase for FY 2010; however, White men still received less than the number of promotions expected. There was little or no change in the promotion rate for Asians at grade 13, 14, and 15 for FY 2010.</p> <p>By Race/Ethnicity and gender, the following groups received less than expected promotions for GS/GM grades 7, 9, 11, and 12: White men received 36.36 percent of the total promotions but represent 39.18 percent of this population, the less than expected percentage is 2.82 percent, "an increase" from 1.56 percent the previous year. Asian Males received 1.61 percent of the total promotions but represent 2.09 percent of this population, the less than expected percentage is .48 percent, "a slight decrease" from .51 percent the previous year. Asian Women received 1.79 percent of the total promotions but represent 3.04 percent of this population, the less than expected percentage is 1.25 percent, "an increase" from .90 percent the previous year.</p> <p>By Race/Ethnicity and gender, the following groups received less than expected promotions for GS/GM grades 13-15. White women received 33.97 percent of the total promotions but represent 39.89 percent of this population, the less than expected percentage is 5.92 percent, "an increase" from 5 percent the previous year. Note, further research is necessary to confirm previous year's assessment that the majority of this group is maxed out on the GS/GM scale. Asian Men received 1.89 percent of the total promotions but represent 2.52 percent of this population, the less than expected percentage is .63 percent, "a slight decrease" from .91 percent the previous year. Asian Women received 2.03 percent of the total promotions but represent 2.18 percent of this population, the less than expected percentage is .15 percent, "no change" from the previous year.</p> <p>Further analysis indicates the African American population encounters some degree of difficulty entering into occupations with higher grade earnings potential, more so than other groups, and could be one of many causes for the lower African American and Hispanic participation rates at the higher grades. African Americans, while representing almost 24 percent of VA's workforce, are highly concentrated and make up over 50 percent of the GS/GM positions at the GS 4-9 grade levels and show a disparity primarily in the GS-4 grade level by 38 percent, but represent only 5 percent of GS-15 positions, compared to White, who make up 82 percent.</p> <p>The Hispanic population encounters a similar degree of difficulty entering into occupations with higher grade earnings potential. Over 75 percent of Hispanic women are concentrated at the GS 4-11 level. Grade disparity at the GS-4 is 9 percent and at the GS-15 is 2 percent. Hispanic women make up only 7 percent of grades 13-15.</p> <p>The GS/GM type occupations considered to having the higher earnings potential, i.e. professional occupations starting at grade 5 and maxing at grade 15, are outside of the Clerical and Administrative and Program Assistant series.</p>
<p>STATEMENT OF IDENTIFIED BARRIER:</p> <p>Provide a succinct statement of the agency policy,</p>	<p>Insufficient training and educational opportunities for employees at GS grade 9 and below.</p> <p>Insufficient number of diverse groups applying to occupations with higher grade earnings potential.</p> <p>Lack of applicant flow system to identify other potential barriers to upward mobility.</p>

<p>Using Part B of the MD-715 Table 9, review the promotions rates comparing those with targeted disabilities and those with no disability. Substantial variation in promotion rates by occupation is expected, so do this analysis one major occupation at a time. Identify any occupations whose targeted disability promotion rate varies significantly from availability. Show your plan to review each of these identified groups to see if there is a barrier to promotion of people with targeted disabilities.</p> <p>ODI shall utilize its analytic tools to identify the top 5 occupations with targeted disability promotion rates significantly different from its respective availability. The results are published in our monthly Diversity News in-house TV program, slide presentations to Administrations, and at the monthly meetings of EEO coordinators. ODI disseminates quarterly workforce analyses on hires, promotions, and separations, by RNOG, Veteran and disability status to VA officials for use in their workforce planning and to review their promotion practices.</p> <p>Perform root cause analysis of the top 5 occupations identified from the previous plan to determine the barriers.</p>	<p>09/30/2011 quarterly</p> <p>09/30/2011</p>

There does not appear to be any systemic barriers in the area of career improvement. Approximately 4 percent of the VA's GS 1-9 population transitioned to occupations with higher promotion potential. VA hired a new EEO manager to direct the Workforce Analysis team in the Office of Diversity and Inclusion.

ODI has developed a user friendly on-line workforce analysis system and reporting tools to monitor workforce trends by RNOG and perform real-time barrier analyses. ODI routinely conducts an in depth Grade Disparity study and Adverse Impact analyses to identify barriers to EEO in VA's promotion and leadership development program selection processes. ODI conducts quarterly workforce analyses and diversity reports VA-wide and for each Administration. ODI makes its Workforce Analysis system available to each VA facility. ODI has conducted multiple MS-Live sessions to the VA community on the proper use of the VSSC analytical system. ODI expanded its training portfolio to include a host of standardized EEO compliance, diversity, and conflict management training on its ODI Website for easy Nationwide access. ODI has updated, standardized, and consolidated mandatory workplace harassment prevention and No FEAR training for all employees in compliance with statutory requirements. ODI has implemented and standardized a mandatory EEO, diversity and inclusion training module for all managers and supervisors. This mandatory training ensures that all managers are aware of their EEO and diversity responsibilities and to support proactive risk management.

VA established partnership agreements with 16 Historically Black Colleges and Universities (HBCUs) and 7 Tribal Colleges and Universities (TCUs) to increase community outreach and educate students and Veterans about VA employment opportunities.

VA hired two National Special Emphasis Program Managers to oversee the Affirmative Employment Program for their respective areas during the FY.

STATEMENT OF CONDITION THAT WAS A TRIGGER FOR A POTENTIAL BARRIER:	Participation of people with disabilities: While still above the government average of 0.91 percent for FY 2010, VA's representation of people with targeted disabilities has not reached the Administration's goal of 2 percent.		
BARRIER ANALYSIS 3: (National)	<p>In fiscal year 2010 the percent of the VA workforce with a targeted disability increased to 1.55 percent, up from 1.47 percent in FY 2009 (these figures are based on permanent employment only). The rate of growth, or net change, for the total permanent workforce (10.49 percent) with targeted disabilities grew at twice the rate of growth for the entire permanent workforce (5.19 percent), [Reference Table B1]. The government average for people with targeted disabilities and the VA ratio was declining steadily from 2000 to 2009, but both had an uptick this year. The percentage of the Federal government workforce with a targeted disability in FY 2000 was 1.17 percent and dropped to 0.91 percent by FY 2010. During this ten-year span the VA experienced a steady decrease as well, but has maintained a profile at least 0.50 percent above the government average and had an increase in 2010.</p> <p>Although training of Selective Placement Coordinators and Reasonable Accommodation Coordinators has increased, the number of coordinators with the proper skill set remains insufficient throughout the Department. The ratio of complaints based on disability remains high. It was found that while 6.05 percent of the total VA workforce with no disabilities separated in FY 2010, 9.69 percent of employees with targeted disabilities separated.</p>		
STATEMENT OF IDENTIFIED BARRIER: Provide a succinct statement of the agency policy, procedure or practice that has been determined to be the barrier of the undesired condition.	<p>Lack of coordinated strategy for recruiting people with targeted disabilities. Lack of centralized tracking and quality control over reasonable accommodation request processing. Lack of centralized funding for non electronic/IT reasonable accommodations which are not provided by Department of Defense's Computer/Electronics Accommodation Program. NEW- Staff in Occupational Health who conduct physicals for new VHA employees and annual physicals for existing employees, are unaware of the disability accommodation option and ADA regulations. NEW- Managers and HR lack knowledge in accommodation procedures and Schedule A authority. NEW- No systemic practices designed to retain employees with targeted disabilities.</p>		
OBJECTIVE: State the alternative or revised agency policy, procedure or practice to be implemented to correct the undesired condition.	<p>GOAL: Cultivate an inclusive workplace that enables full participation through strategic outreach and retention (Goal 2 of VA Diversity and Inclusion Strategic Plan). Increase the representation of individuals with targeted disabilities to 2 percent by FY2010.</p> <p>OBJECTIVES: Develop and implement targeted recruitment plan focused on people with targeted disabilities. Implement training for managers and supervisors on ADAA/Rehabilitation Act compliance, disability issues and reasonable accommodation procedures. Issue updated reasonable accommodations procedures. Implement centralized reasonable accommodation tracking system. Implement centralized reasonable accommodation fund.</p> <p>NEW- Provide training to staff in Occupational Health on disability law and accommodations.</p> <p>NEW- Conduct training for supervisors and managers, and HR on the Schedule A Appointment authority and reasonable accommodations.</p>

<p>REPORT OF ACCOMPLISHMENTS and MODIFICATIONS TO OBJECTIVE</p> <p>INSTRUCTIONS: Include all recent accomplishments related to this objective. This information will be used in the VA Diversity and Inclusion Annual Performance Report.</p>	
<p>ODI has updated the VA-wide Reasonable Accommodation procedures to comport with guidance from the U.S. Equal Employment Opportunity Commission and the American with Disabilities Act Amendments Act of 2008. The updated procedures were deployed in FY 2010 and are posted to the VA Disability Program Website, which is part of ODI's webpage, as well as the VA Directives Website. ODI established the Centralized Fund in May, 2010 and reimbursed to VA facilities approximately \$82,000 in accommodation costs. By publicizing the Centralized Fund, ODI was able to raise awareness of disability issues. ODI contracted for a web-based system to track all disability accommodation requests and is working with the contractor to ensure that the system matches VA procedures for processing accommodation requests. ODI prepared a memorandum establishing a 2 percent hiring goal for individuals with targeted disabilities, which was signed by the Secretary on September 7, 2010. ODI followed with an instructional memorandum, which was signed by the Assistant Secretary, Human Resources and Administration, on September 15, 2010. This memo provided instructions for 1) finding candidates, 2) using the Schedule A hiring authority, and 3) ensuring that the workplace is accessible. This information was conveyed via the annual Disability Employment Month (DEAM) memo and included suggestions for recruitment and hiring activities to recognize DEAM.</p>	

The training on reasonable accommodations and disability discrimination were held on October 2009 – Selective Placement Coordinators, JAN, CAP; May 2010 – Disability Discrimination and Reasonable Accommodation; and August 2010 – Workforce Recruitment Program.

STATEMENT OF CONDITION THAT WAS A TRIGGER FOR A POTENTIAL BARRIER:	Representation of disabled Veterans: While the representation of disabled Veterans in VA is increasing (27,735 in FY 2010), new challenges are being presented to increase the hiring of Veterans, particularly disabled or severely injured Veterans returning from combat operations abroad.	
BARRIER ANALYSIS 4: (National)	Since FY 2007, Veterans have represented approximately 30 percent of the VA workforce. As of September 30, 2010, disabled Veterans represent 9 percent of the VA workforce. Since FY 2007 the rate of growth of the population of disabled Veterans is approximately double the rate of growth of the entire VA workforce (42.1 percent vs. 21.4 percent, respectively). From FY 1996 to FY 2010, the disabled Veteran population has grown 92 percent while the entire VA population has grown 34 percent. Although the Veteran population has increased by about thirty thousand during the same time period, its corresponding representation of the entire workforce remained relatively steady at about 30 percent. Upon further analysis, the average age (51) of the Veteran population is higher than the non-Veteran population age (46) and can be attributed to the fact that government employment is typically a second career for the Veteran. As a second career, hiring Veterans can introduce additional challenges to targeted recruitment and inclusion strategies. It appears the Schedule A hiring authority is helping to recruit and hire disabled Veterans.	
STATEMENT OF IDENTIFIED BARRIER: Provide a succinct statement of the agency policy, procedure or practice that has been determined to be the barrier of the undesired condition.	To help recruit Veterans, VA established Veterans Employment Coordination Service (VECS), with field staff that provide direct contact and assistance recruiting from military posts. Insufficient targeted recruitment/outreach agency-wide with disabled Veteran affinity groups, rehabilitation facilities, and VECS staff contribute to challenges to hire Veterans, particularly disabled Veterans. Lack of strategies to focus on the retention of Disabled Veterans.	
OBJECTIVE: State the alternative or revised agency policy, procedure or practice to be implemented to correct the undesired condition.	GOAL: Cultivate an inclusive workplace that enables full participation through strategic outreach and retention (Goal 2 of VA Diversity and Inclusion Strategic Plan) OBJECTIVE: Increase the representation of Veterans to 33 percent in total, and continue to increase the proportion of disabled Veterans.

STATEMENT OF CONDITION THAT WAS A TRIGGER FOR A POTENTIAL BARRIER:	Unfavorable survey responses on EEO and diversity issues: OPM Viewpoint Survey results reveal unfavorable responses on diversity related items in some facilities.	
BARRIER ANALYSIS 5: (National)	Overall VA employee responses on diversity related items in employee surveys, including the FHCS Annual Employee Survey, are in the median range. However, these responses vary widely by facility. The facilities with less favorable employee survey results are often those with higher rates of EEO complaints (see Barrier 6). Both FHCS and the AES reveal a marginal increases in favorable responses on the diversity related questions from 2006 to 2008, and from 2008 to 2009, respectively. While VHA's National Center for Organizational Development (NCOD) and ORM's Organizational Climate Assessment Program (OCAP) perform organizational assessment and developmental services, the services are not delivered VA-wide in a systematic way and are often not coordinated with each other or other offices, such as ODI, performing similar functions. Training on EEO, diversity, and prevention of harassment has been widely provided, although much of it is not competency based, and the decentralized delivery of this training has yielded inconsistent content and quality.	
STATEMENT OF IDENTIFIED BARRIER: Provide a succinct statement of the agency policy, procedure or practice that has been determined to be the barrier of the undesired condition.	There is no standardized, systematic delivery of competency-based EEO, diversity, and conflict management training VA-wide. There is no systematic delivery of organizational climate assessment and development services VA-wide.	
OBJECTIVE: State the alternative or revised agency policy, procedure or practice to be implemented to correct the undesired condition.	GOAL: Outstanding customer service and stakeholder relations by promoting cultural competency, accountability, education, and communication (Goal 3 of VA Diversity and Inclusion Strategic Plan). OBJECTIVES: Establish a corporate model for coordinated organizational climate assessment and development for VA.

Maintain an EEO staff that is fully trained in the EEO core curriculum and in management skills. Administrations will review the EEO training standards and the panel recommendations for the best material available and determine how best to ensure that their EEO staff are fully trained in the EEO core curriculum. Due to resourcing issues and higher priority tasks this activity began late in FY 2010 and is expected to be completed by 09/30/2011	09/30/2011 Originally planned for 09/30/2010
Identify the succession plans for replacements for EEO workers, given the likely retirement and resignation rates. (For likely retirement, use the Voluntary Retirement Projected Losses Report. For resignations, apply the average for the facility to the EEO staff). ODI administers an automated tool which provides forecasts of voluntary retirement rates. During FY 2010 out-year voluntary retirement rates were generated. The results of the retirement projections were provided to senior HR and EEO decision makers to support the development of VA succession plans. Retirement projections will be execute annually and on an as needed basis In FY 2010, ODI cancelled plans to develop a methodology to explicitly model the forecasting of resignations. ODI is testing and evaluating the OPM CIVFORS application for use in developing forecasts of resignations and other types of separation rates. This will be the basis for evaluating the sufficiency of the succession plans for EEO and diversity staff in the field.	09/30/2011 09/30/2011
Identify plans for providing EEO and diversity training to managers and supervisors through web communications, on-line training, stand-up training, etc. ODI is currently collaborating with VALU and ORM to provide standardized VA-wide training in EEO, diversity, and conflict management for employees. This training is currently in development and is expected to be deployed (live and on-line) VA-wide in FY 2011.	09/30/2011
REPORT OF ACCOMPLISHMENTS and MODIFICATIONS TO OBJECTIVE INSTRUCTIONS: Include all recent accomplishments related to this objective. This information will be used in the VA Diversity and Inclusion Annual Performance Report.	
<p>ODI collaborated with VALU and ORM to produce and deploy on Sept 22, 2010, the first standardized on-line training curriculum on EEO, diversity and inclusion, reasonable accommodation, alternative dispute resolution, and conflict management training for managers and supervisors. By the end of FY 2010, approximately more than a third to less than a half of the manager and supervisor population completed this training. By the end of the 1st quarter FY 2011 approximately 96 percent completed the training. Additionally, 417 Senior Executive Service members and Title 38 executive equivalents completed face to face training on these same topics in August and September, FY 2010.</p> <p>ODI has posted a host of new EEO and diversity training modules on its Website for easy, nationwide access. STATEMENT OF CONDITION THAT WAS A TRIGGER FOR A POTENTIAL BARRIER:	High volume of discrimination complaints: VA experienced an increase in findings of discrimination for FY 2010 (22 in FY 2009 versus 33 in FY 2010). Reprisal, sex, and disability were the most prevalent bases of discrimination in those findings
BARRIER ANALYSIS 6: (National)	The per capita filing rate at the informal stage remained steady at 1.46 percent from FY 2009 to FY 2010 (slightly higher than the government-wide average of 1.39 percent); and the formal filing rate decreased from .76 percent to 0.72 percent (still higher than the government-wide average is of .60 percent). While the Department has made some progress in the last couple of years, continued work is needed to reach the government-wide levels. Some corrective strategies to focus on include increasing use of ADR, developing and implementing standardized and customized competency-base EEO, diversity, and conflict management training for VA managers and supervisors focused on meeting EEO obligations, increasing EEO and consultative services.
STATEMENT OF IDENTIFIED BARRIER: Provide a succinct statement of the agency policy, procedure or practice that has been determined to be the barrier of the undesired condition.	Lack of understanding by managers and supervisors of EEO obligations. Delays in requesting or scheduling ADR. (** Barriers statements are compilation and refinement of FY 2009 barrier statements)
OBJECTIVE: State the alternative or revised agency policy, procedure or practice to be implemented to correct the undesired condition.	GOAL: Outstanding customer service and stakeholder relations by promoting cultural competency, accountability, education, and communication (Goal 3 of VA Diversity and Inclusion Strategic Plan). OBJECTIVES: <ol style="list-style-type: none"> 1. Review findings of discrimination to identify lessons learned and incorporate into training. (** New strategic objective from prior year) 2. Develop and implement standardized and customized competency-based EEO, diversity, and conflict management training for VA managers and supervisors focused on meeting EEO obligations. (** modified and refined objectives from previous year) 3. Encourage resolution of pending cases that are likely to result in a finding of discrimination. (** New strategic objective from prior year) 4. Work with the administrations and VACO to market ADR for the types of workplace issues identified as leading to findings of discrimination and actively promote the use of ADR before and during the EEO complaint process. (** New strategic objective from prior year) 5. When ADR is elected, work with the administrations and VACO to assign a mediator and complete mediation within 60 days. (** New strategic objective from prior year) 6. Develop mechanism that allows facilities to track progress in EEO/ADR. (** New strategic objective from prior year)
RESPONSIBLE OFFICIAL:	DAS for ORM, ODI, Asst sec for HRA, VALU, NCOD, Administration HR, EEO Program Managers, Training Officials
DATE OBJECTIVE INITIATED:	09/30/2010
TARGET DATE FOR COMPLETION OF OBJECTIVE:	09/30/2011

INSTRUCTIONS: Describe the plans to implement the identified activities in the spaces below showing dates of benchmarks and responsible individuals. The success in implementing these plans should be shown in the REPORT OF ACCOMPLISHMENTS and MODIFICATIONS TO OBJECTIVE section. Items from the VA Diversity and Inclusion Annual Performance (DISP) Report are identified in parentheses.	TARGET DATE (Must be specific) example: mm/dd/yyyy
Review Findings of Discrimination. Review findings of discrimination to identify actions that could have been avoided. Incorporate these lessons learned into EEO training for managers and supervisors.	9/30/2011
Develop and Deliver Training. While ORM monitors and ensures compliance with all findings of discrimination, it is more important to take actions that will ultimately result in less findings of discrimination. To that end, ORM and ODI have developed training for senior leaders that focuses on EEO obligations and responsibilities. It has a particular focus on the leaders' responsibilities in the area of reasonable accommodation, reprisal and harassment. ODI has posted new EEO and diversity training modules on its Website for easy, nationwide access. Additionally, ODI is currently collaborating with VALU and ORM to provide standardized VA-wide training in EEO, diversity, and conflict management for supervisors and for employees. Both supervisory and employee training will be rolled out as mandatory training VA-wide. In addition, ODI is collaborating with VALU, NCOD, and ORM to develop a coordinated corporate level organizational development model to address organizational climate, conflict, and diversity issues VA-wide. Finally ODI, is currently increasing its training and organizational staffing complement in order to accede to the growing demand for these services. ODI will continue to partner with HR and ORM to provide diversity awareness training to the administrations and facilities. Our goal is to provide facilities with a clear understanding of what diversity is and what it isn't, to raise a greater awareness and sensitivity to Diversity issues that go well beyond the assumed categories, and to recommend behavioral tools for fostering a more cohesive workplace.	09/30/2011
Encourage Resolution of Complaints Likely To Result in Findings of Discrimination. ORM has a process in place to alert senior leaders of pending cases that may result in findings of discrimination. ORM encourages and facilitates resolution of these cases where possible.	9/30/2011
Develop mechanism that allows facilities to track progress in EEO/ADR. One of the responsibilities of ORM is to be proactive in providing VA managers resources to assist them in identifying and resolving workplace disputes as early as possible. ORM will deploy an electronic dashboard nationwide that is designed to provide current data regarding key indicators of the work environment. Data in the dashboard (graphs, charts, raw data) will identify trends and provide the basis for strategies to address out of line scenarios or to establish strategic targets regarding EEO and ADR activity at the facility level.	09/30/2011
Encourage Use of ADR Throughout Discrimination Complaint process. ORM will expand marketing of ADR and augment its ADR resources in FY 2011. Additionally, ORM has several new initiatives designed to increase ADR participation for not only EEO complaints, but also other workplace disputes. ORM has augmented field support of ADR and delivered conflict management training for senior leaders. ORM is also standing up a call center that will allow employees and managers to inquire about various forums available to address workplace disputes that often lead to EEO complaints. These initiatives are designed to promote ADR as a primary resource to address workplace disputes. If successful, issues that often lead to findings of discrimination will be able to be addressed and resolved early on.	09/30/2011
Based on the Critical Indicators page in the automated MD-715 workforce analysis slides, identify the topics coded red for this and subordinate facilities. Describe your plan to address these issues. ODI has systematically been rank ordering all-employee survey data, separation rates, complaint rates, and sick leave rates and other workforce data to identify the facilities that appear to have the greatest potential risk (including facilities where findings of discrimination have been rendered). Facilities ranking lowest are selected for Technical Assistance Reviews (TARs). ODI later reviews the implementation of the resulting recommendations. Regions also use this data for their own interventions.	09/30/2011
Identify and address any process or systemic issues at facilities where findings of discrimination have been made. ORM will work with facilities where findings are made to determine if there are systemic issues. Where we identify problems, we will work with the facility to develop a plan of action to avoid recurrences.	9/30/2011
REPORT OF ACCOMPLISHMENTS and MODIFICATIONS TO OBJECTIVE INSTRUCTIONS: Include all recent accomplishments related to this objective. This information will be used in the VA	

Diversity and Inclusion Annual Performance Report.

In FY 2010, ODI completed six Technical Area Reviews (TARs) at the following VA facilities/organizations: VAMC Orlando, FL, VAMC Salisbury, NC, VAMC Durham, NC, VAMC Indianapolis, IN, VAMC Bay Pines, FL and VA National Cemetery Administration-Washington, DC.; conducted numerous training sessions on reasonable accommodation and selective placement throughout the VA system; conducted MsLive training sessions for each NCA MSN, VHA VISN, and VBA area, included Part I Plans MD-715 trainings, and a number of other area specific training to the administrations and facilities. ODI also led the development of updated EEO, diversity, and training content with ORM, VALU and Administration EEO partners and has integrated the content into VA's on-line Learning Management System. ORM increased its promotion of ADR through MOUs with field organizations and increased its participation rate to 52 percent in FY 2010.

In FY 2010 the informal per capita filing rate remained the same at 1.46 percent; and the formal filing rate decreased from 0.75 percent to 0.72 percent

In FY 2010, ODI deployed VA's 1st mandatory EEO, Diversity, and Conflict Management training for managers and supervisors. Over 23,000 managers and supervisors were trained (face-to-face, and online training). ORM and ODI delivered EEO training to approximately 500 senior leaders in FY 2010. The training used case studies to illustrate common pitfalls that often lead to findings of discrimination.

ORM has a process in place to identify cases that may result in a finding of discrimination. ORM brings these cases to the attention senior leaders to explore resolution.

MD 715 - Part J

*= Data shown includes full-time, part-time and intermittent permanent employees in a pay status and excluding medical and manila residents. Please see Data Definitions for a listing of the Nature of Action codes that are included for Time-Off awards, Cash Awards, and Quality-Step Increase.

Agencies with 1,000 or more permanent employees are to use the space provided below to describe the strategies and activities that will be undertaken during the coming fiscal year to maintain a special recruitment program for individuals with targeted disabilities and to establish specific goals for the employment and advancement of such individuals. For these purposes, targeted disabilities may be considered as a group. Agency goals should be set and accomplished in such a manner as will effect measurable progress from the preceding fiscal year. Agencies are encouraged to set a goal for the hiring of individuals with targeted disabilities that is at least as high as the anticipated losses from this group during the next reporting period, with the objective of avoiding a decrease in the total participation rate of employees with disabilities.

Goals, objectives and strategies described below should focus on internal as well as external sources of candidates and include discussions of activities undertaken to identify individuals with targeted disabilities who can be (1) hired; (2) placed in such a way as to improve possibilities for career development; and (3) advanced to a position at a higher level or with greater potential than the position currently occupied.

Recruiting Individuals with Targeted Disabilities	Target Date
1. ODI will develop a comprehensive plan for the employment and relocation of individuals with disabilities, in accordance with Executive order 13548	03/08/2011
2. ODI will publicize best practices from facilities that have taken proactive steps and demonstrated an increase in hiring of individuals with targeted disabilities.	1/30/2011 and on going
3. ODI will release quarterly reports on success in meeting the 2 percent hiring goal in FY 2011. These reports will go to the Secretary and the Administrators.	3/31/2011 and ongoing
4. ODI will research the top colleges and universities for each of VA's most populous occupations and identify the contact information for the office providing services to students with disabilities at each. Job announcements will be distributed to these contacts	3/30/2011
5. ODI will participate in the monthly HR conference call and stress the need to recruit individuals with targeted disabilities and the use of Schedule A to bring them on board.	2/15/2011
6. ODI will hold a job fair for individuals with targeted disabilities and encourage the Administrations to participate.	4/30/2011
7. ODI and OHR's Staffing Policy office will work on language in the standard job announcement form so that individuals with severe disabilities, especially those with targeted disabilities, are invited to apply.	4/30/2011
8. ODI and OHRM will work together to create a method for sharing resumes from qualified applicants with disabilities.	5/30/2011
9. ODI will train HR staff and hiring officials on the Schedule A hiring process.	9/30/2011
10. ODI will create an electronic training module on the Schedule A hiring process.	9/30/2011
Note: On September 7, 2010, the Secretary signed a memorandum establishing a 2 percent goal for hires of individuals with targeted disabilities. The memorandum reminded officials that if the retention rate for this group did not improve, the goal would need to be increased. This was followed up by an instructional memorandum from the Assistant Secretary, Human Resources and Administration, on September 15.	

Placing Individuals with Targeted Disabilities to Improve Possibilities for Career Development	Target Date
1. The memorandum issued by ODI conveying the first quarter hiring results will include instructions stressing the need to place these new hires into professional, career ladder positions whenever possible.	1/30/2011 and on going
2. ODI will monitor average salaries, pay grades, and job series into which the new hires are placed and contact any VA component where placements are unlikely to provide career promotion potential.	3/30/2011 and ongoing
3. ODI will ensure that placement for career growth is included as a topic in the HR conference calls.	2/15/2011
4. When ODI trains HR staff and hiring officials on employment of individuals with targeted disabilities, including the Schedule A hiring process, we will stress the need to place them in positions with promotion potential	9/30/2011
5. The electronic training module on Schedule A will include a section on placing individuals with targeted disabilities in positions with promotion potential.	9/30/2011
6. ODI will encourage VA components to report successes and best practices, which can be shared via the Diversity Newsletter issued quarterly by ODI.	1/30/2011 and on going

Identify Individuals with Targeted Disabilities who can be advanced to higher positions	Target Date
1. ODI will work with OHRM to create a merit promotion plan for employees in the excepted service.	6/30/2011
2. ODI will pull education data on employees with targeted disabilities who have college degrees but are in positions below GS 12 or the equivalent, and notify the respective Administrations of employees who can be advanced.	6/30/2011 and ongoing
3. ODI will instruct the administrations on pulling education/pay data so that they can monitor their progress.	9/30/2011
4. During the monthly HR conference call and in news releases, ODI will promote the use of Schedule A for employees with disabilities to apply for promotions within VA.	2/15/2011
5. ODI will encourage VA components to report successes and best practices, which can be shared via the Diversity Newsletter issued quarterly by ODI.	1/30/2011 and on going
6. ODI will work with HR's ADVANCE training team to identify mentoring and training opportunities for employees with targeted disabilities.	3/30/2011

Data shown includes full-time, part-time, and intermittent employees in a pay status and excluding medical and Manila residents.

RCLF comparisons are based on 2000 Census National data.

Non-Appropriated employees include all employees whose salaries are paid from funds generated by the Canteens (Cost Center 8990).

Ratio Change - Simple subtraction of Current Fiscal Year percent from Prior Fiscal Year percent. This is the standard VA measure of change of representation and is called Change percent in other VSSC reports.

Net Change - According to EEOC, this is calculated by dividing difference in employment numbers (current year vs. prior year) by the number of employees in the prior year.

Table reflects a correction to the proper alignment with EEOC's guidance and standards on accounting for Hispanics and individuals self-identifying multiple races. Previously situations where Hispanics were self-identifying additional races were accounted in the two-or-more races group (EEOC required them to be accounted for as Hispanics). The modification had minimal affect on the results.

Data shown includes full-time, part-time, and intermittent employees in a pay status and excluding medical and Manila residents.

RCLF comparisons are based on 2000 Census National data.

Non-Appropriated employees include all employees whose salaries are paid from funds generated by the Canteens (Cost Center 8990).

Ratio Change - Simple subtraction of Current Fiscal Year percent from Prior Fiscal Year percent. This is the standard VA measure of change of representation and is called Change percent in other VSSC reports.

Net Change - According to EEOC, this is calculated by dividing difference in employment numbers (current year vs. prior year) by the number of employees in the prior year.

RCLF comparisons are based on 2000 Census National data.

Table reflects a correction to the proper alignment with EEOC's guidance and standards on accounting for Hispanics and individuals self-identifying multiple races. Previously situations where Hispanics were self-identifying additional races were accounted in the two-or-more races group (EEOC required them to be accounted for as Hispanics). The modification had minimal affect on the results.

Data shown includes full-time, part-time, and intermittent permanent employees in a pay status and excluding medical and Manila residents.

RCLF comparisons are based on 2000 Census National data.

For purposes of this report, Title 38 nurses are coded to GS equivalent grades. Please see Data Definitions.

The Executive/Senior Level Officials and Managers includes grades 15, 16, 17, 18, 19, 0 (SES), and 99 (Executive Pay Act). Mid-level Officials and Managers includes grades 13 and 14. First-level Officials and Managers includes grades 1 to 12.

Table reflects a correction to the proper alignment with EEOC's guidance and standards on accounting for Hispanics and individuals self-identifying multiple races. Previously situations where Hispanics were self-identifying additional races were accounted in the two-or-more races group (EEOC required them to be accounted for as Hispanics). The modification had minimal affect on the results.

Data shown includes GS/GM, SES, and related grades for full-time, part-time, and intermittent permanent employees in a pay status and excluding medical and Manila residents.

For purposes of this report, Title 38 nurses are coded to GS equivalent grades. Please see Data Definitions.

Percentages are based on row totals

Table reflects a correction to the proper alignment with EEOC's guidance and standards on accounting for Hispanics and individuals self-identifying multiple races. Previously situations where Hispanics were self-identifying additional races were accounted in the two-or-more races group (EEOC required them to be accounted for as Hispanics). The modification had minimal affect on the results.

Table reflects a correction to the proper alignment with EEOC's guidance and standards on accounting for Hispanics and individuals self-identifying multiple races. Previously situations where Hispanics were self-identifying additional races were accounted in the two-or-more races group (EEOC required them to be accounted for as Hispanics). The modification had minimal affect on the results.

Data shown includes WG grades for full-time, part-time, and intermittent permanent employees in a pay status and excluding medical and Manila residents.

Percentages are based on row totals.

Table reflects a correction to the proper alignment with EEOC's guidance and standards on accounting for Hispanics and individuals self-identifying multiple races. Previously situations where Hispanics were self-identifying additional races were accounted in the two-or-more races group (EEOC required them to be accounted for as Hispanics). The modification had minimal affect on the results.

Table reflects a correction to the proper alignment with EEOC's guidance and standards on accounting for Hispanics and individuals self-identifying multiple races. Previously situations where Hispanics were self-identifying additional races were accounted in the two-or-more races group (EEOC required them to be accounted for as Hispanics). The modification had minimal affect on the results.

Data shown includes full-time, part-time, and intermittent permanent employees in a pay status and excluding medical and manila residents.

This fixed list of major occupations was identified by DM&EEO.

RCLF comparisons are based on 2000 Census National data.

Table reflects a correction to the proper alignment with EEOC's guidance and standards on accounting for Hispanics and individuals self-identifying multiple races. Previously situations where Hispanics were self-identifying additional races were accounted in the two-or-more races group (EEOC required them to be accounted for as Hispanics). The modification had minimal affect on the results.

Data shown includes full-time, part-time, and intermittent permanent employees in a pay status and excluding medical and Manila residents.

This fixed list of major occupations was identified by DM&EEO.

RCLF comparisons are based on 2000 Census National data.

Table reflects a correction to the proper alignment with EEOC's guidance and standards on accounting for Hispanics and individuals self-identifying multiple races. Previously situations where Hispanics were self-identifying additional races were accounted in the two-or-more races group (EEOC required them to be accounted for as Hispanics). The modification had minimal affect on the results.

Data shown includes full-time, part-time, and intermittent Title 5 GS Grade 13-15 permanent employees in a pay status and excluding medical and Manila residents. Onboard numbers are as of the start of the fiscal year. Promoted numbers are cumulative throughout the fiscal year.

Promotions include NOA Codes 701, 702, and 703.

Expected = Onboard Group percent multiplied by Total Promotions.

This broad approximation does not take into account individual qualifications, education, performance, time in grade, availability of openings, or ceiling grades in specific occupations. Thus no conclusions can be drawn about individuals. But the data does suggest, other things being equal, whether the promotion rates are roughly approximate to availability.

Table reflects a correction to the proper alignment with EEOC's guidance and standards on accounting for Hispanics and individuals self-identifying multiple races. Previously situations where Hispanics were self-identifying additional races were accounted in the two-or-more races group (EEOC required them to be accounted for as Hispanics). The modification had minimal affect on the results.

Data shown includes full-time, part-time, and intermittent Title 5 GS Grade 3-12 Single Grade Increase permanent employees in a pay status and excluding medical and Manila residents. Onboard numbers are as of the start of the fiscal year. Promoted numbers are cumulative throughout the fiscal year.

Promotions include NOA Codes 701, 702, and 703.

Expected = Onboard Group percent multiplied by Total Promotions.

This broad approximation does not take into account individual qualifications, education, performance, time in grade, availability of openings, or ceiling grades in specific occupations. Thus no conclusions can be drawn about individuals. But the data does suggest, other things being equal, whether the promotion rates are roughly approximate to availability.

Table reflects a correction to the proper alignment with EEOC's guidance and standards on accounting for Hispanics and individuals self-identifying multiple races. Previously situations where Hispanics were self-identifying additional races were accounted in the two-or-more races group (EEOC required them to be accounted for as Hispanics). The modification had minimal affect on the results.

Table B9: EMPLOYEE PROMOTIONS - Title 5 GS Grade 3-12 Single Grade Increase Permanent Workforce - by Disability FY 2010

Occupations: All occupations except doctors and nurses. See Data Definitions on start page for a list of occupations included

Data shown includes full-time, part-time, and intermittent Title 5 GS Grade 3-12 Single Grade Increase permanent employees in a pay status and excluding medical and Manila residents. Onboard numbers are as of the start of the fiscal year. Promoted numbers are cumulative throughout the fiscal year.

Promotions include NOA Codes 701, 702, and 703.

Expected = Onboard Group percent multiplied by Total Promotions.

This broad approximation does not take into account individual qualifications, education, performance, time in grade, availability of openings, or ceiling grades in specific occupations. Thus no conclusions can be drawn about individuals. But the data does suggest, other things being equal, whether the promotion rates are roughly approximate to availability.

Table reflects a correction to the proper alignment with EEOC's guidance and standards on accounting for Hispanics and individuals self-identifying multiple races. Previously situations where Hispanics were self-identifying additional races were accounted in the two-or-more races group (EEOC required them to be accounted for as Hispanics). The modification had minimal affect on the results.

Data shown includes full-time, part-time, and intermittent Title 5 GS Grade 7,9,11,12 Double Grade Increase permanent employees in a pay status and excluding medical and Manila residents. Onboard numbers are as of the start of the fiscal year. Promoted numbers are cumulative throughout the fiscal year.

Promotions include NOA Codes 701, 702, and 703.

Expected = Onboard Group % multiplied by Total Promotions.

This broad approximation does not take into account individual qualifications, education, performance, time in grade, availability of openings, or ceiling grades in specific occupations. Thus no conclusions can be drawn about individuals. But the data does suggest, other things being equal, whether the promotion rates are roughly approximate to availability.

Data shown includes full-time, part-time, and intermittent Title 5 WG1 Grade 2-12 permanent employees in a pay status and excluding medical and Manila residents. Onboard numbers are as of the start of the fiscal year. Promoted numbers are cumulative throughout the fiscal year.

Promotions include NOA Codes 701, 702, and 703.

Expected = Onboard Group percent multiplied by Total Promotions.

This broad approximation does not take into account individual qualifications, education, performance, time in grade, availability of openings, or ceiling grades in specific occupations. Thus no conclusions can be drawn about individuals. But the data does suggest, other things being equal, whether the promotion rates are roughly approximate to availability.

Table reflects a correction to the proper alignment with EEOC's guidance and standards on accounting for Hispanics and individuals self-identifying multiple races. Previously situations where Hispanics were self-identifying additional races were accounted in the two-or-more races group (EEOC required them to be accounted for as Hispanics). The modification had minimal affect on the results.

Data shown includes full-time, part-time, and intermittent Title 5 WG1 Grade 2-12 permanent employees in a pay status and excluding medical and Manila residents. Onboard numbers are as of the start of the fiscal year. Promoted numbers are cumulative throughout the fiscal year.

Promotions include NOA Codes 701, 702, and 703.

Expected = Onboard Group % multiplied by Total Promotions.

This broad approximation does not take into account individual qualifications, education, performance, time in grade, availability of openings, or ceiling grades in specific occupations. Thus no conclusions can be drawn about individuals. But the data does suggest, other things being equal, whether the promotion rates are roughly approximate to availability.

Table reflects a correction to the proper alignment with EEOC's guidance and standards on accounting for Hispanics and individuals self-identifying multiple races. Previously situations where Hispanics were self-identifying additional races were accounted in the two-or-more races group (EEOC required them to be accounted for as Hispanics). The modification had minimal affect on the results.

Table reflects a correction to the proper alignment with EEOC's guidance and standards on accounting for Hispanics and individuals self-identifying multiple races. Previously situations where Hispanics were self-identifying additional races were accounted in the two-or-more races group (EEOC required them to be accounted for as Hispanics). The modification had minimal affect on the results.

Appendix A - Comments

AGENCY: Department of Veterans Affairs - YEAR: 2010

Part 1

VA-HQ plus - I.D.1 Counselings - In FY 2009 we reported 48 counselings pending at the end of the reporting period, however, after reconciling our data we have determined the correct number to be 47.

Part 2

VA-HQ plus - II.A - Cases reported as on hand at the end of FY09 was reported as 112, however, after reconciling our records and having closed some cases that were pending hearing, we have determined the correct number on hand at the beginning of the fiscal year to be 97.

VBA - II.A - Cases reported as on hand at the end of FY09 was reported as 164, however, after reconciling our records and having closed some cases that were pending hearing, we have determined the correct number on hand at the beginning of the fiscal year to be 151.

VHA - II.A - Cases reported as on hand at the end of FY09 was reported as 2178, however, after reconciling our records and having closed some cases that were pending hearing, we have determined the correct number on hand at the beginning of the fiscal year to be 2098.

VBA - II.B - This is not equal to part I.D.3.c. because for five of the cases filed, the informal closed in FY2009 and was therefore not captured in FY10 completed/ended counselings.

VHA - II.B - This is not equal to part I.D.3.c. because for 64 of the cases filed, the informal closed in FY2009 and was therefore not captured in FY10 completed/ended counselings.

NCA - II.B - This is not equal to part I.D.3.c. because for two of the cases filed, the informal closed in FY2009 and was therefore not captured in FY10 completed/ended counselings.
